

Dots and boxes

3 x 3 boxes / 9 boxes to claim

Player 1 _____

Player 2 _____

HOW TO PLAY

Draw one line between neighboring dots: across or down.
Close a box, write your initial inside, then draw again.
If a line closes two boxes, claim both and draw again.
Keep going while you close boxes. Otherwise, hand over.
When all boxes are claimed, count them. Most boxes wins.

Final score

Player 1 _____ + Player 2 _____ = 9

One new line,
two boxes.
A goes again.

Dots and boxes

6 x 6 boxes / 36 boxes to claim

Player 1 _____

Player 2 _____

HOW TO PLAY

Draw one line between neighboring dots: across or down.
 Close a box, write your initial inside, then draw again.
 If a line closes two boxes, claim both and draw again.
 Keep going while you close boxes. Otherwise, hand over.
 When all boxes are claimed, count them. Most boxes wins.

Final score

Player 1 _____ + Player 2 _____ = 36

One new line,
two boxes.
A goes again.
